Introduction

Fairness to all learners is central to this policy and we are committed to quality assurance processes that are based on impartial, evidence-based judgements. However, all centres and learners are entitled to enquire about, or appeal against, assessment or other decisions.

The purpose of this policy is to make sure that centres and/or individual learners know how they can enquire about assessment, or other decisions, or appeal against an outcome of an enquiry.

This document details the process that should be followed when submitting enquiries about results and appeals to Future (Awards and Qualifications) Ltd and the process in which we will respond.

It is intended for all Centre staff involved in the management, administration, delivery, assessment and quality assurance of our qualifications and end point assessments. Centres must ensure that all relevant personnel are made aware of the information contained in this policy.

The policy is also intended for use by Future (Awards and Qualifications) Ltd staff to ensure that all enquiries about results and appeals are dealt with consistently.

Centre Responsibilities

All our approved Centres must have their own auditable internal appeal arrangements which learners can access if they wish to make an enquiry about an assessment result or appeal against a decision taken by a centre. All appeals must be clearly documented and Centres are required to inform learners of the procedure they should follow in the event of an appeal against an assessment decision.

If an individual wishes to appeal against a decision taken by a centre it must first go through the centre's appeals process before bringing the matter to us.

If the Centres internal appeals procedure is exhausted or the appeal is against an external assessment decision, learners may appeal to us but only on the basis that the centre or Future (Awards and Qualifications) Ltd did not apply procedures consistently or that procedures were not followed properly and fairly.

Enquiries about Results

When a learner's internally assessed results vary considerably from the result they expect, the learner may make an enquiry about the assessment result to the centre that will follow its own internal procedures. An enquiry about results is a formal request, in writing, for a review of an assessment decision.

If the assessment was set and marked by Future (Awards and Qualifications) Ltd, learners may enquire about their results before making a full appeal.

An appeal is a formal request, in writing, for a review of the outcome of the enquiry that is conducted by Future (Awards and Qualifications) Ltd.

For a learner to make an enquiry, either of the centre or of Future, they must have been registered with us and received a learner registration number before any assessment decision was made.

A centre may make an enquiry about a test or assessment result on behalf of one or more learners. Learners should discuss their case with the centre before the request is made. It is only possible to request an enquiry for an assessment that is marked by Future (Awards and Qualifications) Ltd.

A request can be made either for an administration check, or for a re-mark. A fixed fee is charged when a request is made for this service. The fee is refunded if the outcome of the test or assessment is changed as a result of the enquiry.

For multiple choice question examinations taken through our online assessment system XAMS that we use for the delivery and marking of multiple-choice tests, we will check the learners completed answers against the responses held in the system. This will ensure the system has correctly picked up and recorded the learner's response. We will then check to ensure the correct outcome was awarded.

If an administration check is requested, this will involve:

- a check to ensure the mark has been added correctly;
- a check that all sections have been marked; and
- that the final grade has been calculated properly.

Scope of Policy

This policy covers:

- enquiries from a learner and/or centres that is not satisfied with an assessment result that has been set and marked by FutureQuals (including Functional Skills externally set and marked tests and assessments and end point assessments) and/or online multiple choice test results
- appeal of results on the basis that the awarding organisation did not apply procedures consistently or that procedures were not followed properly and fairly,
- appeals from a learner that is not satisfied with the outcome of the centre's internal appeals procedure
- appeals from learners and/or centres in relation to results or an assessment decision on the basis that we did not apply procedures consistently or that procedures were not followed properly and fairly
- appeals from approved centres in relation to a Future (Awards and Qualifications) Ltd decision concerning an application to offer an additional qualification.
- appeals from centres that disagree with the outcome(s) from the end point assessment quality assurance process
- appeals from centres that disagree with the outcome(s) from the External Quality Assurance process for example, allocation of direct claims status, quality review, external verification, standardisation, a following an external quality assurance visit including decisions that affect assessment outcomes
- appeals from centres and/or learners relating to a Future (Awards and Qualifications) Ltd decision to decline a centre's request to make reasonable adjustments or give special considerations or for the use of a language other than English, Welsh or Irish
- appeals from centres or learners in relation to the outcome of an investigation into a report of malpractice and/or maladministration including sanctions imposed
- appeals from centres or learners if there is evidence that we have not applied our procedures consistently or that procedures were not followed properly, consistently and fairly.

The Process

Process for Raising an Enquiry or an Appeal

Where a centre believes that either they or a learner has grounds for an enquiry or an appeal to Future (Awards and Qualifications) Ltd, they should submit it in writing addressed to the Responsible Officer using the contact details below.

Future (Awards and Qualifications) Ltd
EMP House

All initial review and/or appeals will be acknowledged within two working days.

Centres (and learners) have 30 working days from the key date to lodge an appeal with us. The key date, dependent on the nature of the appeal, may be the date at which an internal appeals procedure concluded, or that a Future (Awards and Qualifications) Ltd External Quality Assurer or other member of staff reported his/her decision.

There are some things that cannot be appealed, essentially anything:

- Submitted to us more than 30 working days after the key date
- That took place before Future (Awards and Qualifications) Ltd received the learner's registration or after the learner's registration period has expired
- That is or should be dealt with under an employer's disciplinary or grievance procedure
- Involving another Awarding Organisation or end point assessment organisation
- Involving points of law.

If a centre appeals on behalf of the learner the centre must ensure that it has obtained the written permission of the learner(s) concerned as results can go down as well as up as a result of an investigation i.e. a pass mark could go down to a fail mark (achieved to not achieved).

Learners who have registered and been assessed by a centre and wish to appeal about an assessment result or associated decision should be supported by their centre. The learner must have exhausted the centre own appeals process before appealing directly to us and provide evidence of this.

When submitting an appeal relevant supporting information must be supplied such as:

- Centre name, address and Future (Awards and Qualifications) Ltd number
- learner's name and Future (Awards and Qualifications) Ltd registration number
- key date(s) the centre or the learner received notification of a decision
- date an assessment or test took place
- whether a remark or an administrative check is required
- title and number of the Future (Awards and Qualifications) Ltd qualification or end point assessment affected or nature of service affected (if appropriate)
- a clear statement of the grounds for the enquiry and/or appeal i.e. full details of the nature of the appeal including any evidence that is relevant to the appeal and, where a centre internal appeal has taken place, the outcome of any investigation carried out relating to the issue and the documentation relating to that appeal (in the case of an assessment appeal, this may include the learners work, records of assessment, internal quality assurance and the internal appeal)

- the appellants name, position and signature

Situations brought to our attention by the regulatory authorities where failures have been identified in the assessment process of another awarding organisation will trigger Future (Awards and Qualifications) Ltd to review whether a similar issue could affect our assessment processes and arrangements.

Initial review of an Appeal request or an Enquiry about a Result

On receipt of the request, the Responsible Officer will convene a panel made up of two senior members of staff not involved in the circumstances surrounding the appeal and that have no personal interest in the outcome of the review or appeal decision.

The panel will undertake an initial assessment of the potential appeal to ensure the application is complete, within the scope of the policy and, to ascertain if the issue can be resolved before it goes to a formal appeal.

An external consultant (normally an External Quality Adviser (EQA), Lead End Point Assessor or Senior Examiner) who is independent of the matter under review may provide specialist knowledge input to the panel.

If the request falls within the scope of the policy the appellant will be notified within two working days.

The Panel will consider the evidence submitted and, if necessary, request additional information be provided before reaching its conclusion. The panel will consider whether the required procedures were followed correctly and whether they were applied fairly, consistently and properly in arriving at judgements.

The Panel will recommend either the appeal is:

- Upheld; or
- Not upheld

The recommendation will be confirmed to the appellant within 10 working days.

- If the review upholds the appeal, the learner or centre will be advised of any actions required to conclude matters and fees will be refunded.
- If the review does not uphold the appeal, the centre or learner will be told that they may make a formal appeal to the Independent Appeal Panel.

If the review request relates to a test or assessment result that has been externally set and marked by Future (Awards and Qualifications) Ltd or undertaken via our online XAMS systems (including multiple-choice tests) and involves a remark or administrative check, the panel will include the Principal Examiner, a subject Assessment Marker or Lead End Point Assessor and the Responsible Officer. Members of the panel will not include any individual that has a personal interest in the outcome of the remark.

If an administrative check has been requested the panel will:

- check to ensure the mark has been added correctly;
- check that all sections have been marked; and
- check that the final grade has been calculated properly.

If a re-mark has been requested, the paper will be copied and marked separately by the Principal Examiner and the subject Assessment Marker or Lead End Point Assessor. Once the assessment has been re-marked, a final result is decided upon in conjunction with the Responsible Officer.

Notification of outcome of remark or administrative check

The learner or centre will receive formal notification of the final result within 10 working days of the request.

- If the review resulted in a change of final result, the learner or centre will be advised of any actions required to conclude matters and fees will be refunded.
- If the result remained the same, the centre or learner will be told that they may appeal to the Independent Appeal Panel.

Independent Appeal Procedure

If an appeal has not been upheld at the review stage, the appellant may request in writing that an appeal be passed to Future (Awards and Qualifications) Ltd Independent Appeal Panel for decision. The written request to the Responsible Officer must be made within 10 working days of the notification of the review, remark or administrative check decision. The Terms of Reference for the Independent Appeal Panel can be found at the rear of this policy in Appendix 1.

All requests will be acknowledged within 2 working days of receipt.

FutureQuals' Independent Appeals Panel is made up of Future (Awards and Qualifications) Ltd.'s CEO, a subject specialist that has not been involved in the original appeal and an independent person that is not employed by Future, or in any other way connected to the organisation that has the appropriate knowledge and skills to make a decision on the subject matter.

The Panel will convene within 10 working days of the request being received by the Responsible Officer. The Panel will evaluate all the evidence submitted and decide if FutureQuals has applied the procedures fairly, appropriately and consistently in line with the FutureQuals policy and recommend either the appeal is:

Upheld; or
Not Upheld

The decision of the Independent Appeal Panel is final.

Notification of outcome of appeal

The learner or centre will receive formal notification of the outcome within 20 working days of the start of the independent appeal process.

- If the appeal is upheld, the learner or centre will be told of any actions required to conclude matters and fees will be refunded.
- If the appeal is not upheld the learner or centre will be given the reasons in a report.
- The centre will be notified of any subsequent actions.

All initial reviews, appeals and subsequent outcomes are reported to the Executive Committee and to the Future (Awards and Qualifications) Ltd Governing Body. The appeal and its outcome will be used to inform our self-assessment and self-evaluation activities and will feedback into our qualification development and review process where necessary.

Further outcomes of an appeal

In a situation where an appeal has been successful or where an investigation has taken place following a notification from the regulatory authorities that indicates a failure in our processes, we will consider the outcome and take actions such as:

- Amend the record of the centre concerned
- Convene a standardisation meeting

- Identify any other learners who have been affected and correct or, if it cannot be corrected, mitigate as far as possible the effect of the failure (e.g. reassess learner at a particular centre and/or reassess learners taking the same assessment at other centres and amend the results for the learner(s) affected)
- review our associated processes and policies to ensure that the 'failure' does not occur again or mitigate the situation as far as possible if the failure that occurred cannot be corrected
- agree any remedial action required by the regulatory authorities and/or co-operate with any follow-up investigations
- If the matter under appeal has led to an adverse effect that the regulatory authorities are unaware of, the relevant regulator will be informed immediately

Ofqual

SQA Accreditation will only conduct a review if FutureQuals appeals process has been exhausted, and will consider whether we have followed due process in considering the appeal.

Scottish Public Service Ombudsman

In Scotland, if you have taken your qualification at a public Scottish college, you have the legal right to be able to complain to the SPSO (Scottish Public Service Ombudsman) once all other processes have been followed.

CCEA Regulation

Learners registered on a qualification that is regulated by CCEA Regulation have a further right of appeal to the regulator through its Examination Procedures Review Service.

CCEA Regulation will only conduct a review if FutureQuals appeals process has been exhausted, and will consider whether we have followed due process in considering the appeal.

Qualifications Wales

Learners registered on a qualification that is regulated by Qualifications Wales have a further right of appeal to the regulator.

Qualifications Wales will only conduct a review if FutureQuals appeals process has been exhausted, and will consider whether due process has been followed by us in considering the appeal.

FutureQuals will comply with the requirements of any appeals process established by its regulators (Ofqual, Qualifications Wales, CCEA Regulation and SQA Accreditation) and will act on the outcomes of any such process if it highlights failures in FutureQuals' systems.

Fees

All fees associated with the appeals process are detailed in our Fees and Pricing Policy, which is available from our Customer Support team or can be downloaded from the website.

All fees relating to an appeal will be refunded if the appeal is upheld.

Policy Review Arrangements

This policy is subject to a three-year review cycle, or earlier should any feedback or concern be brought to the attention of Future (Awards and Qualifications) Ltd, to ensure it remains fit for purpose and the process and its outcomes are deliverable.

It is also reviewed as part of our continuous improvement monitoring through our annual self-assessment arrangements.
